

A new website providing information on the management of coyotes in urban and suburban habitats

Visit <http://www.coyotebytes.org> to:

1. Get useful information for dealing with coyote problems in towns and cities,
2. View pictures and maps of coyotes in your region, and
3. Report any coyote incident or coyote damage:
 - Human safety incidents
 - Attacks on pets or hobby animals
 - Damage to property

A special project funded by the Renewable Resources Extension Act (RREA)
UNIVERSITY OF CALIFORNIA
